

Signia Growth Fund

Fund Factsheet (GBP)

As at 31st March 2024

Overview

INVESTMENT OBJECTIVE

The aim of the Fund is to increase the value of your investment in excess of 7% a year, net of fees, over any 5 year period, however, there is no certainty this will be achieved. This is through a combination of capital growth, which is profit on investments held and income, which is money paid out of investments such as dividends from shares and interest from bonds.

SUITABILITY

Investments are suitable for retail investors whose investment requirements are aligned with the objectives, policies and risk profile of the Fund.

ASSET ALLOCATION PROFILE

The Fund is actively managed, meaning Signia Invest (the "Investment Manager") decides which investments to buy and sell, and when. The Fund will have exposure to a broad range of asset classes and investments across different industries and geographical regions, however not all asset classes may be held at all times. This will include:

- Between 5% and 50% in bonds and cash.
- Between 40% and 85% in shares of companies.
- Up to 20% in alternative assets; such as, regulated funds employing a hedge fund type strategy and structured products, which are securities whose returns are linked to underlying assets or markets (such as shares, bonds, currencies, commodities or interest rates). currencies, commodities or interest rates).
